Dedication

To the guiding, helping hand of our parents;
to the time and understanding they have
given us; to them, who have kept us in
school and in good health; to them, who
have been understanding when we were in
our moods and were hateful; to the great
help they have been in supporting our school
activities; helping us live with our successes
as well as our downfalls; we the staff of '61
do dedicate this annual.

Superintendent's Message

On behalf of the faculty and administration of Gate High School. I wish to congratulate you for making the 14th Pirate a success.

Education is our safety but education in itself is many-sided and includes spiritual training, as well as training for a specific job or profession. One cannot live an independent life in the rapidly changing world of today. He must associate with others and make himself fit, both morally and spiritually, to become a citizen - not only of his own community, but of the world. We hope you will take advantage of the opportunities at both church and school which help establish the basic moral principles upon which you will build your philosophy of life.

Class Prophecy

On our trip to the moon, May 12, 1970, we were almost run over by a young man testing his rothod rocket. When we finally got him stopped to speak to him we were very surprised to find out it was our good old classmate, DELBERT DODSON. Delbert is a fine mechanic and has made a successful life for himself.

We started on and came up on a huge building with more rockets than we had ever seen before. We stopped to inquire and who do you suppose was manager and making good money repairing rockets, only our friends and old classmate, JERRY PERKINS.

It was nice visiting with Jerry and Delbert so naturally when we found out JOYCE ZIRKLE was teaching a nice group of children in a near by place, we had to stop by and see her. Joyce has made a great life for herself. She is teaching in a school of 10,000 and making more money than we had ever dreamed one person could make.

So far we have been very successful in finding our old classmates.

One Sunday morning we stopped off at a huge church for the Sunday Service. In the Sunday School class we were very happy to find JOYCE SHEPHARD teaching the Sunday School. Joyce is quite successful in her work. We also were happy to meet up with MIKE STOCKTON and his fine family of 7. Mike is now a Captain of a group of Star Point Men.

The next day while attending the football game between the Space Champs and the Mars Rebels we were fortunate to learn BUDDY LOCHNER is the Coach for the Space Champs. Buddy had done well with his group and I am sure they will keep their great name.

It is nice to know, after we have wondered for so long what kind of people this group would be, that this class of 1961 has made a great success and upheld their motto.

Class History

In 1949, we began on our long road to education with 13 little frightened children, they were: Gary Stanley, Joyce Zirkle, Philip Nicholson, Donna Sue Riggins, Donnie DeSpain, Joyce Shephard, LeRoy Kirkhart, Merle Whisenhunt, Jerry Perkins, Buddy Lochner, Mike Stockton, Gerald Ard, and Carol Bailey. In the second and third we were sorry to lose Donna Sue Riggins, Gary Stanley, Donnie DeSpain, and LeRoy Kirkhart, and gained Arthur Rule. In our fourth grade we were sorry to lose Arthur Rule and Philip Nicholson and gained Lois Dixon. Our sixth year in school saw our large class beginning to get smaller with the loss of Gerald Ard, Carol Bailey, and Lois Dixon but we gained Bob Lowery. The seventh year we gained Eddie Adams which brought our number up to 8. We began our last year of grade school with a number of eight. We lost Eddie Adams and Merle Whisenhunt after graduation.

Six was the number of members when we became green freshmen, they were: Jerry Perkins, Joyce Zirkle, Joyce Shephard, Mike Stockton, Buddy Lochner, and Bob Lowery. Things went along smooth until the last of our Sophomore year with the loss of Bob Lowery, which left us with a number of five. The smallest our group has ever been. Our junior year found us with the small class of five. The last year of High School began with our number raised to six. We were happy to welcome Delbert Dodson. Our class consists of Jerry Perkins, Mike Stockton, Joyce Zirkle, Bud Lochner, Joyce Shephard, and Delbert Dodson.

The road to education with our classmates has about come to an end but we hope we will want to become better educated.
